VALUE PROPOSITION

As a woman in Healthcare, Information Technology & Business, you deserve to be recognized as an equal member of your team. Bluebird Leaders, in tandem with equity allies, understands the challenges you face, from the assumption that your position is simply supportive, to being talked over in meetings, passed over for promotions, and underestimated by your colleagues. We recognize that it can be difficult to find a community that truly comprehends the unique obstacles you face and to find career advancement or leadership pathways.

We are committed to the principle of 'Lift as We Rise' - empowering women to help each other succeed.

We are proud to offer a comprehensive suite of services designed to champion and empower women in these fields:

- Networking community open to men and women at all levels of experience, from entry-level professionals to seasoned executives.
- We offer an array of educational opportunities, including guest speakers, curated leadership and development tracks, and mentorship programs designed to help you develop and further your skills and stay up to date on the latest trends.
- Our job boards will provide you with access to exciting career prospects.
- Our mentor programs will connect you with experienced professionals who can offer guidance and motivation as you navigate your career, while also enabling industry leaders to give back and “Lift as We Rise”.
- We are strengthening the pipeline by partnering with educational institutions, teaming up with STEM programs, and inviting the next generation to present and contribute to events.
- We are promoting and advocating a culture of inclusion by co-hosting and sponsoring events to gather with peers and equity allies to explore opportunities focused on women in healthcare IT, medicine, and entrepreneurship.

We believe every woman in Healthcare, Information Technology & Business has the capacity to make a significant impact. Join us today and be part of a community that not only supports your career growth but also believes in creating positive change in these important industries.
